

"Coal Crackers & Trolley Tracks" (Scranton, PA)

DEPART 7:00 am, Lancaster

Approximate return 7:45 pm

Go down in history! Take a ride in a **Lackawanna Coal Car** where you will explore 300 feet beneath the earth as a miner leads you through the winding caverns of the former Continental Mine's # 190 Slope. Learn about life and hard coal in a city that once was the Anthracite capital of the world.

All that coal mining will make you work up an appetite and so an included lunch at **Cooper's Seafood Restaurant** is next. Cooper's has been voted one the best 100 restaurants in the country. A **pre-choice** of Raspberry Chicken or Broiled Orange Roughy is offered.

Following lunch you're off to **Electric City Trolley Station and Museum**. See how Scranton became the birthplace of America's electric trolley system. The city's newest attraction features antique trolley cars, interactive exhibits, children's gallery, restoration shop and trolley rides.

Tour package includes tour Lackawanna Coal Mine, lunch at Cooper's Seafood Restaurant, meal tax & gratuity, Electric City Trolley Station & Museum & trolley ride, and round trip motor coach transportation.
