

## *Barrels, Robotics, Cows & A Lunch at Suicide Bridge*

Embark on a tour to **Cambridge, MD** located on the Eastern Shore. Meet your **local guide** for a **narrated tour** of this charming town. Then watch the creation of wooden barrels from local pine logs during a tour at **Brooks Barrel Company**, one of the last remaining slack cooperages in the U.S.

Enjoy a delicious **lunch** along Cabin Creek at the famous **Suicide Bridge Restaurant** before traveling back to Pennsylvania for a unique opportunity to see the robotic milking process at **Hope Acres Farm**.

Enjoy a 75-minute tour of this unique farm that **pampers their cows**—the cows have their own “cookie and milk room”, sleep on water beds, get their backs scratched and are milked when they “feel like it” without human hands ever touching them during the milking process—a real different dairy farm sure to entertain as well as inform.

End with a little time to shop at the nearby **Brown Cow Country Market**. Enjoy dinner on your own at a fast food restaurant en route home.
