

The Park...The Beach... The Fun!

Students, join us as we spend 3 days and 2 nights in the Virginia Beach area. We begin with a guided tour of the largest Naval Installation in the world, Naval Station Norfolk. Here you will see aircraft carriers, cruisers, submarines, destroyers and amphibious assault ships. Your guide will be a sailor from the United States Navy. Next you will head to Nauticus in downtown Norfolk where you can actually climb aboard a decommissioned Naval Ship, the USS Wisconsin.

Next you will check in to your oceanfront hotel followed by dinner at a local seafood restaurant and a sunset dolphin-watching cruise.

Day two begins with breakfast in your hotel followed by a whole day at Busch Gardens Williamsburg for a day of international fun. Busch Gardens offers more than 9 different countries and for you thrill seekers 11 of the fastest most highflying roller coasters in the land. This will be a full day of excitement and fun.

On the last day of your trip, you will have a chance to sleep in a little and wake up to some leisure time at the beach. There are tons of shops and restaurants with in walking distance from your hotel. The beach and the boardwalk are right outside your door. Enjoy!
